Dear Parent/Carer

## **SEND Specialist Support & Provision**

North Yorkshire County Council (NYCC) are currently reviewing how special education is provided in North Yorkshire to make sure there are enough places in education for children and young people with special educational needs. NYCC would like to hear from parents, carers and professionals about their views on special education which will help to shape future services.

If you are a parent, NYCC would like to know about:-

- Services you use now and how they could be better
- Services you want or need but cannot find Or
- How you found the service(s) you need, what helped you find them and any improvements NYCC could make

NYCC have arranged further events during November 2017 to provide an update on progress and will also include information about proposals being suggested for the strategic plan. This is a further opportunity to be involved and provide feedback before formal consultation begins in early 2018.

Parents do not need to register for the events below, please just join NYCC at:
